Camp's Curriculum

The Camp's curriculum is designed to be age appropriate, educational, and fun! Our goal is to blend summer camp fun and nature education. The campers spend the majority of their time outdoors! They stay active by participating in daily scheduled educational programs focusing on:

Arts and Crafts

Creative Arts

Team Building

Sports

Science

An active summer is important for children. That's why Boardman Park makes EVERY effort to ensure Adventure Day Camp is safe, educational and fun-filled. Along with our five main subject areas, we also encourage campers to exercise by taking a 30 minute walk or jog in the Park twice a week & reading outside in the fresh air once a week. This summer, we encourage you to take part in this awesome experience filled with fun, socialization, and education! You'll be happy you did.

PROJECT MKC

FAQ

What is the ratio of staff to campers?

10:1 Each group has a group leader who is with his/her campers the majority of the day. We also have CT's (Counselors in Training) who help assist the group leaders & instructors.

Can Parents pay daily or just weekly?

At this time the Park is charging by the week. Your child does not have to attend every day but rates are not prorated for partial week attendance.

Is there refrigeration for lunches?

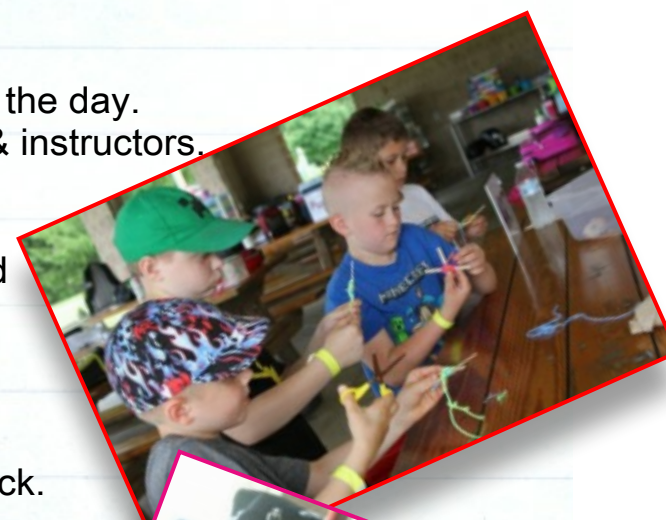

No, but campers bring their packed lunches in "igloo coolers" or thermal bags. Campers supply their own sack lunch, Boardman Park supplies a drink and snack.

Do you offer early drop off or late pick up?

We offer early drop off and after care: 7:30AM-8:45AM and 3:15-4:30PM respectively. There is a \$2 extension fee per child/per day to be paid on Friday each week. For more details, please call Karen at 330-965-0482.

Where do Parents drop off and pick up their campers?

For safety, Parents sign in and sign out their children at the Masters Pavilion.
